Statement of Issues or Questions Addressed

In 2010, the General Assembly enacted legislation designed to subject members of county boards of education to conflict of interest standards and financial disclosure requirements that are at least equivalent to the State's requirements for State officials and public officials. The State Ethics Commission issued revised Board of Education Ethics regulations that became effective on April 18, 2011. All county boards of education are required to bring their ethics codes into compliance with the new law and to provide notice to the State Ethics Commission of their progress towards enactment by October 1, 2011.

All policies were edited to conform with the State Ethics Commission's MODEL BOARD OF EDUCATION ETHICS REGULATIONS and the Policy Review Committee's editing conventions.

Some of the required changes include: additional reporting requirements for board members and board employees; more stringent lobbying guidelines; defining financial interests; clarifying post-Board service employment restrictions.

The Policy Review Committee is submitting the Ethics Code policies to the full Board for its consideration and action.

Cost Analysis and Fiscal Impact on School System

Because of the comprehensive nature of these revisions, the staff anticipates that education and training of employees, volunteers and consultants will be necessary to ensure compliance.

Relationship to Other Board of Education Policies

These policies form the basis of the Board's expectations for employee ethical behavior and conduct.
