Selected BCPS high schools to offer COVID-19 vaccines beginning as early as Monday, May 10

Clinics will serve BCPS high school students aged 16 and above, their family members, and interested school staff

Towson, MD – Baltimore County Public Schools and the Baltimore County Department of Health will offer COVID-19 vaccine clinics for BCPS high school students aged 16 and above, their family members, and interested school staff. Vaccines will be offered as early as Monday, May 10, at high schools with school-based wellness centers, and as early as Wednesday, May 19, at other selected BCPS high schools.

Online registration will be required, and the vaccine offered will be the two-dose Pfizer BioNTech. There is no charge for the COVID-19 vaccine. Schools will provide their registration link, and families and staff can reach out to the school nurse with any questions.

“We are so pleased that, through our ongoing partnership with the Baltimore County Department of Health, we are able to offer convenient access to vaccines for our older students, their families, and school staff,” said BCPS Superintendent Dr. Darryl L. Williams. “Getting the vaccine is a free and easy way to help protect your own health and the health of the community.”

Clinic schedule for BCPS high schools with school-based wellness centers

Please note that each clinic location will only serve students, their families, and staff affiliated with the school unless otherwise noted. These vaccine clinics will be open from 9 a.m.–1 p.m.
